THE INDEPENDENT TELEPHONE INDUSTRY

The Interstate Telegraph Company is an Independent Telephone Company and a member of the California Independent Telephone Association.

There are some 6,400 Independent Telephone Companies in the United States owning and operating about 12,000 exchanges. Bell System Companies operate about 6,200 exchanges or about one-half the number operated by Independent Companies, but the Bell Companies operate in all of the largest cities.

Independent telephone exchanges have over 5,000,000 telephones in service—approximately one out of every five telephones in the United States.

Independent exchanges are interconnected with other Independent and Bell exchanges and with the Bell System's network of long distance lines to furnish telephone service practically throughout the world.

HOW TO USE THE TELEPHONE

OBTAIN TELEPHONE NUMBER FROM DIRECTORY

Please obtain the desired number from the latest issue of the telephone directory. If the listing is not found call "Information."

LISTEN FOR SIGNALS

After placing a call, listen for the ringing signal, busy signal, or report from the operator. Please do not abandon the call until you have given the called party sufficient time in which to answer.

The ringing signal is a "burring" sound heard at regular intervals. The busy signal is a steady "buzz-buzz-buzz" sound, indicating that the called line is in use. Some Central Offices are not equipped for giving these signals, but in such cases the operator will give a report if the called party does not answer within a reasonable interval, or if the called line is busy.

TO CALL ANOTHER TELEPHONE ON YOUR LINE

At Barstow, Big Bear Lake, Bishop, Lone Pine and Victorville, dial "9", then the

last figure of your number, then the last figure of the number desired, and replace your receiver.

For example—If your number is 5321 and the number you wish to call is 5322, dial "9", then "1", the last figure of your number, then "2" the last figure of the number desired and replace the receiver. The bells of both stations will ring. When the other party answers, the bells will cease ringing. If the other party does not answer within a reasonable time, remove the receiver to stop the ringing and call again at a later time.

At Big Pine, Independence, Leevining and Pine Creek, dial "91", then the last figure of your number, then the last figure of the number desired, and replace the receiver. The bells of both stations will ring. When the other party answers, the bells will cease ringing. If the other party does not answer within a reasonable time, remove the receiver to stop the ringing and call again at a later time.

COMPLAINTS

Our aim is to render a service that will give complete satisfaction to our customers. If at any time difficulties are not promptly corrected or unsatisfactory conditions continue after calling the Business Office, we shall appreciate your communicating the facts directly to the Manager at Bishop.

TELEPHONE DIRECTORIES

This Directory is the property of the Interstate Telegraph Company and is provided for the sole and exclusive use of its patrons, who are requested to maintain it in its orig-

inal condition, usual wear and tear excepted. The Company assumes no liability because of errors or omissions.

Extra copies of this Directory may be obtained at the Company's office or by mail for twenty-five cents per copy.

CONNECTING TELEPHONE COMPANIES

Connection at San Bernardino and Highland with the Southern California Telephone Co. Connection at Mojave with the Pacific Telephone and Telegraph Company. Connection at Lone Pine with Sequoia Forest Telephone Line (Monache Line).

OUT-OF-TOWN CALLS

AN INTEREXCHANGE RATE APPLIES ON A CALL TO ANY TELEPHONE BEYOND YOUR LOCAL SERVICE AREA**STATION-TO-STATION CALLS**

A Station-to-Station call is one on which you will talk with ANYONE WHO ANSWERS at an Individual Line or Party-Line telephone or Private Switchboard. The rates are less than on Person-to-Person calls.

APPOINTMENT CALLS

Appointment Calls are Person-to-Person Calls on which you wish arrangements made in advance with the station or person to be called to talk at a specified time.

MESSENGER CALLS

Messenger Calls are person-to-person calls requiring the use of a MESSENGER to secure attendance of a designated person at the called telephone.

PERSON-TO-PERSON CALLS

A Person-to-Person call is one on which you wish to talk with a PARTICULAR PERSON SPECIFIED BY YOU. If you desire connection with a particular station of a Private Branch Exchange without specifying a particular person, this is also classified as a Person-to-Person call.

COLLECT CALLS

Upon request, the charges on calls to most points within the Continental United States and to certain overseas points may be collected at the called station as follows:

STATION-TO-STATION CALLS—At the station-to-station rate when the initial period rate is \$.25 or more, provided anyone answering at the called station accepts the charge. If the initial period rate is less than \$.25, the corresponding person-to-person rate applies.

PERSON-TO-PERSON, APPOINTMENT AND MESSENGER CALLS—At regular rates applying to these calls, provided the called party accepts the charge.

TELEGRAMS BY TELEPHONE

To send telegrams and cablegrams. By Interstate Telegraph Company Call Operator and ask for "Telegraph Operator." By Pacific Telephone & Telegraph Co.—Call Operator and ask for "Telegraph Operator." By Western Union Telegraph Company—Call as listed in alphabetical directory.

Rates and other information may be obtained from Long Distance

HOW TO PLACE OUT-OF-TOWN CALLS

Station-to-Station Calls

It is always desirable in placing STATION-TO-STATION calls to nearby points, to give the operator the number of the telephone at the distant point. If you do not know the number, please refer to your directory. If the number is not listed, Information may help you. To place a Station-to-Station Call, give the operator the name of the place and the telephone number you are calling. Give your telephone number to the operator when requested.

STATION-TO-STATION CALLS TO POINTS BEYOND THE NEARBY VICINITY should be placed in the manner suggested in the preceding paragraph. If you do not know the number, say for example, "Los Angeles. Anyone at the residence of John Brown, 4000 Highland Blvd."

Person-to-Person Calls

To place a Person-to-Person Call, give the Operator the name of the place, the telephone number, and the name of the person with whom you wish to talk. If you do not know the number, say for example, "Los Angeles. John Brown of John Brown Co., 1000 Cass Street." Give your telephone number to the operator when requested.

*When in doubt about a
telephone number . . .*

look in the telephone directory first. That helps you, helps others, and helps telephone service.

You Can Help Us to Speed and Improve Your Telephone Service

1. By consulting the information pages in the front of your telephone directory.
2. By making sure of the number before calling.
3. By speaking directly, clearly and slowly into the mouthpiece.
4. When called, by answering promptly.
5. By identifying yourself by name or firm when answering.
6. By hanging up gently.

⌈ Your telephone contains about two hundred parts, some quite delicate. We want you to have the best possible service at all times, and appreciate your cooperation in handling your telephone carefully. ⌋
